SCHOOL REPORTS

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of Wentworth:

It is with pleasure that I submit the following report.

Of the seven teachers employed in the district, only two taught here last year. Ordinarily, it is unfortunate to have so large an overturn of teachers, but I am pleased to say that because of the ability, training, and experience of the teaching force, it is better this year than ever before.

During the past few years considerable in the way of new equipment, up to date supplies and text books have been purchased. There, with standardized tests and exer-

cises enable the teachers to do more efficient work and assist us in the proper grading and promotion of pupils.

The attendance last year averaged over 93 per cent of the membership. This was an increase of 1 per cent over the preceding year and one per cent higher than the average for the state, according to the last available report.

The rather extensive repairing of buildings during the last few years leaves the school houses in such condition that attention to minor repairs is all that will be required for the present. However, the village building is so crowded that a very material increase in the number of pupils would make it exceedingly difficult to accommodate them, and the Foster School should have further improvements soon.

Improvement in schools cannot be brought about by a revolution or too radical changes, but by striving each successive year for better teachers, better attendance, better buildings and higher standards of scholarship. GOOD SCHOOLS ARE EVERYBODY'S BUSINESS. I wish more parents would visit the schools. I assure you that the teachers will welcome your visits and be glad to discuss your children's work with you.

Respectfully submitted,

CARL T. RHOADES.
Superintendent.
